Q&A

Qn: Hi, I invested around \$24,000 in January 16 2024 and it seems that what I invested in was a scam. Is there any chance to recover the money that was lost? also I am not doing ok financially will future Shani dasha be good or bad money wise?

Ans:

Here are some key points related to your query :

- *Currently going through Saturn major period*
- *Saturn Mars conjunction in 10th house*
- *Mars is very strong in your chart*
- *Sun Venus conjunction in lagna*
- *Saturn owns 12th house of losses*
- *Combust venus*
- *The investment was done in the first phase of the Saturn major period which started after July 2023 and will end in July 2026*

Prediction:

- *Saturn major period is going to be great, Saturn is your main planet and the most favorable one*
- *Having said that, Saturn owns the 12th house of losses too and hence any shortcuts in any dimension of life will result in losses/hurdles (especially in the shani Mahadasha wherein Saturn is active)*
- *This loss as soon as your 19 yearlong shani Mahadasha came as a lesson to you and the best you can do right now is to learn this lesson and move on with this loss*
- *We do not see whole recovery of this loss, but a partial recovery is possible but only after you face the hurdles*
- *Moneywise this shani Mahadasha will be extraordinary. Having said that, Saturn is the slowest planet in the galaxy and the gains are also going to be slow in nature and only after you work hard towards it*
- *Major financial gains will be seen after July 2026 (antardasha of 5th house lord will start)*

*Happy to help you Vedic way!
